

Children's Miracle Network/Miss America Organization National Platform Donation Roll-Over Information

Donations, in excess of the minimum amount required for each pageant, collected by a contestant, may be rolled-over for use in multiple Local Pageants or State & National Pageants within a pageant cycle. A pageant cycle starts with the Local Pageant(s) that leads to State, which leads to the National Pageant (Miss America title). When a contestant starts a new pageant cycle at a Local Pageant (which could involve several Local Pageants for that cycle), no funds are rolled over from the prior pageant cycle (Miss America title). That means everyone is at the same starting place for the National Platform fundraising.

Local Level

All contestants must register at www.MissAmerica4Kids.org. Even though a contestant may have been involved in the Miss America Pageant system the last pageant cycle (leading to a State 2012 title), a new ID is needed when the contestant enters their first Local Pageant of the Pageant Cycle. That ID chosen for the first Local Pageant will be used by that contestant throughout the pageant season for that pageant cycle. DO NOT create a new ID for each pageant within a pageant cycle.

Any donations collected, in excess of the \$100 Minimum for Pageant 1, will automatically roll-over into the contestants excess account and will be used toward their fundraising goal for Pageant 2. Any excess funds from Pageant 2 will automatically roll-over and will be used toward their fundraising goal for Pageant 3, etc.

Contestants will still need to raise a minimum of \$100 per Local Pageant entered and must register on line for each Local Pageant entered by going to www.MissAmerica4Kids.org and logging into their CMNH personal page and selecting the new pageant for the title that they are then currently competing for. When changing the "Pageant competing for:" do not change your ID.

If the contestant does not go on to compete at the State level, any excess funds over the \$100 per pageant entered will be equally distributed among all of the local pageants the contestant competed in.

State Level

Should the contestant win a Local Pageant, any excess donations will automatically roll-over and be applied to the \$250 minimum required goal for the State pageant.

Should the state contestant raise funds (\$250 or more) while competing at the State level and registered for the State Pageant, any roll-over of funds from the Local level that were used to initially qualify her for the State Pageant, will revert back or return to the Local Pageant accounts credit, if the contestant does not go on to the national level to use the excess donations to qualify for the National Pageant. So if the contestant had raised \$350 at a local and won the first local then she would be automatically qualified for the State Pageant (with the excess of the \$250) but if she raised another \$250 while

Miss Arkansas

SCHOLARSHIP PAGEANT, INC.

competing for the State Pageant, then the full \$350 would remain as credit under the Local Pageant account and be used to figure what the local gets in scholarship funds.

National Level

Should the contestant win the State Pageant, any excess donations (from local & state levels) will automatically roll-over and be applied towards the \$500 minimum required goal for the National Pageant.

Just like the State level excess and actual fundraising at that pageant, should the National contestant raise funds (\$500 or more) while competing at the National level, the initial roll-over of funds from the Local &/or State level will revert back to the account of origin.
